## PERFORMANCE MATTERS. SUNGOLD DELIVERS.

---

### Sungold Abrasives makes your life easier with:

#### **World Class Abrasive Quality**

With world-class formulations and process equipment, we manufacture the highest quality abrasives, which consistently perform to the strongest industry standards. All products undergo a rigorous 10-step quality assurance to insure peak performance in the most demanding situations.

#### **Customer Assistance**

We demonstrate our commitment to our customers by providing professional technical support and customer service to even our smallest customers. We make on-time delivery of a wide range of inventory so that you have the products you need when you want them. Using our unique automated stock inventory tracking, we ship 97% of stock items within 24 hours. We quickly manufacture custom-made, superior products specific to your individual requirements.

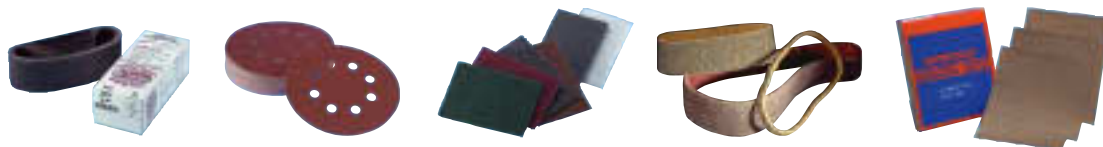

#### **Industry Relevant Research & Development**

We conduct an aggressive research and development program to deliver new and improved products designed to get each sanding job done right the first time. Our Sungold Test Abrasive Research Program (STAR) allows us to develop innovative products based upon our customers' direct feedback. Ask us about ways you can benefit from this unique program.

#### **Proven Measurable Value**

Using decades of proven processes, we consistently offer the best value in the industry. We provide a superior abrasive at a price far below what you would expect for a product of this quality. So good, in fact, that we offer the strongest user guarantee of any abrasive company in the industry.
